

Integra LifeSciences to Present At Citigroup's 2007 Healthcare Conference and the Bank of America 2007 Health Care Conference

PLAINSBORO, N.J., May 15, 2007 (PrimeNewswire via COMTEX News Network) -- Integra LifeSciences Holdings Corporation (Nasdaq:IART) announced today that it is scheduled to present at Citigroup's 2007 Healthcare Conference at the Hilton Hotel in New York on May 22 and the Bank of America 2007 Health Care Conference at the Four Seasons in Las Vegas on May 30, 2007.

Stuart Essig, President and Chief Executive Officer of Integra will deliver both presentations. A live webcast of these presentations can be accessed through a link provided on the home page of the Investor Relations section of Integra's website at <http://www.integra-LS.com>. Additionally, a replay of the webcast will be available for two weeks following the date of the original live presentation.

Each of the presentations will provide an overview of Integra's operations, with a focus on currently marketed products, sales distribution channels and product pipeline, recent financial history, and Integra's overall business strategy for growth.

Integra LifeSciences Holdings Corporation, a world leader in regenerative medicine, is dedicated to improving the quality of life for patients through the development, manufacturing, and marketing of cost-effective surgical implants and medical instruments. Our products are used primarily in neurosurgery, extremity reconstruction, orthopedics and general surgery to treat millions of patients every year. Integra's headquarters are in Plainsboro, New Jersey, and we have research and manufacturing facilities throughout the world. Please visit our website at (<http://www.Integra-LS.com>).

Statements made at the upcoming conference may be forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements involve risks and uncertainties that could cause actual results to differ from predicted results. Forward-looking factors that may be discussed include, but are not limited to, future financial performance, new product development, governmental approvals, market potential and resulting sales as well as potential therapeutic applications, and additional acquisitions. In addition, the economic, competitive, governmental, technological and other factors identified under the heading "Risk Factors" included in the Business section of Integra's Annual Report on Form 10-K for the year ended December 31, 2006 and information contained in subsequent filings with the Securities and Exchange Commission could affect actual results.
